## WITH BOOSTER PACKS

# LET'S POWER UP THIS DECK!

Make your Structure Deck more powerful by adding cards from Booster Packs (sold separately). Here are some examples of cards to add to your Spellcaster's Judgment Structure Deck (you may need to buy multiple Booster Packs to pull these cards).

## ELEMENTAL ENERGY

You'll empty your hand easily using so many Spell Cards. "Pot of Avarice" solves two problems at once by returning monsters from the Graveyard to your Deck, and letting you draw additional cards. This way you can recover some powerful Effect Monster Cards.

## CYBERNETIC REVOLUTION

"Cybernetic Magician" makes the ATK of 1 monster become 2000 points. It can make your opponent's monster weaker, or make your monster stronger. Discard "Magical Blast" for the cost of this effect, because you can easily retrieve it from the Graveyard.

## RISE OF DESTINY

"Serial Spell" can copy the effect of any Normal Spell Card you like. "Monster Reincarnation" can return cards like "Magician of Faith" to your hand so you can use their Flip Effects again. "Lighten the Load" lets you draw a card by returning cards to your Deck like "Dark Magician" (so you can Special Summon them with other effects later). "Astral Barrier" protects your monsters from attacks. Try to protect your "Rapid-Fire Magician" and other monsters that have effects you can use multiple times.

## DARK REVELATION Volume 2

"Dark Magician of Chaos" is an extremely good addition to this Deck, because it can return a Spell Card from the Graveyard to your hand. Special Summon it with his signature Spell Card "Dedication through Light and Darkness". "Stumbling" is a Continuous Spell Card that changes Summoned monsters to Defense Position. This will delay the attacks of your opponent by a turn, so you can more easily use your effects that use Spell Counters. "Beckoning Light" returns "Magician of Faith" to your hand and lets you use it again.
